State Publications Access Program replaced the depository library program in 2004.

We now focus on collecting and providing access to digital copies of state government-produced publications.

Collected publications annual reports, financial statements, budget requests, strategic plans, and more.

ADDITIONAL UPDATES
Reminder about Weeding

- If you plan to weed your Missouri documents collection, please first send me a list of possible discards so that I may claim them for our collection.

In the past, weeding projects have helped fill gaps in our collection. We also claim second copies to use for digitization.
Introducing the Digitization Request service

If there are paper state documents not available online that you or your patrons would use frequently, please submit a digitization request.

These requests help us know which documents to prioritize.

A tip about *Code of State Regulations* and *Missouri Register*

- If you still receive paper copies of the *Code of State Regulations* and/or the *Missouri Register*, but would no longer like to, please let me know.

- You can also send an email to rules@sos.mo.gov or call (573) 751-4015.

- Subscriptions are no longer free.

- Certified copies may be obtained from the Administrative Rules division.
A quick note about Executive Orders

Reference Services hosts digital scans and transcripts of the Governor’s Executive Orders from 1980 to the present on our website.

NOTE: The orders found on these pages are not official copies. Executive Orders prior to 1980 and official copies can be requested from the Missouri State Archives.
